Tabb's writing is both gripping and inspiring. He vividly describes the challenges and triumphs of his work, and he never shies away from the emotional toll that it takes on him and his colleagues. But through it all, Tabb's love for his patients and his commitment to saving lives shines through.

Top Knife is more than just a medical memoir. It's a powerful story about the human spirit and the resilience of the human body. Tabb's patients are living proof that even in the face of the most devastating injuries, there is always hope.

If you're interested in medicine, surgery, or the human spirit, then you need to read *Top Knife*. It's a book that will stay with you long after you finish reading it.

### **Praise for Top Knife**
