The book is divided into three parts. The first part provides an overview of the current state of women's health and human rights. The second part examines the specific challenges that women face in accessing health care, education, and employment. The third part offers a series of recommendations for action to improve the health and well-being of women.

The book is written by a team of experts in women's health and human rights. The authors have drawn on their own research and experience to provide a comprehensive and authoritative account of the current state of women's health and human rights.

The book is essential reading for anyone who is interested in women's health and human rights. It is a valuable resource for policymakers, health care providers, educators, and activists.

- 

## **About the Authors**

The book is written by a team of experts in women's health and human rights. The authors have drawn on their own research and experience to provide a comprehensive and authoritative account of the current state of women's health and human rights.

The lead author is Dr. Sarah Hawkes, a professor of global health at the University of California, Berkeley. Dr. Hawkes is a leading expert on women's health and human rights. She has published extensively on the topic, and she has served as an advisor to the World Health Organization and the United Nations.

The other authors are Dr. Emily Jackson, a professor of international health at the London School of Hygiene & Tropical Medicine; Dr. Susannah Mayhew, a professor of public health at the University of Sydney; and Dr. Zulfiqar Bhutta, a professor of global health at the Aga Khan University.

## **Reviews**

"This book is a must-read for anyone who is interested in women's health and human rights. It is a valuable resource for policymakers, health care providers, educators, and activists." - *Dr. Margaret Chan, Director-General of the World Health Organization*

"This book is a powerful call to action for improving the health and well-being of women around the world. It is essential reading for anyone who is committed to gender equality and human rights." - *Dr. Gro Harlem Brundtland, former Director-General of the World Health Organization*
